Art Analysis (Parker)

Directions: Research, analyze, and interpret various types of art. Art is the expression or application of human creative skill and imagination. Art can express a variety of ideas. Explore literature, paintings, sculptures, music, dance, architecture, or cinema. Submit your analysis and art selection online. Present and discuss your art during class meetings.

1. Discuss art category.

My art category is painting.

2. Who created the art? What is the title of the art? When was it created?

The creator of the art is Vincent Van Gogh. The title of the art is "Starry Night". It was created in June of 1889.

3. Summarize the art. What do you see or hear?

The art is a painting of the beautiful and gloomy night sky.

4. What does the art symbolize?

The art symbolizes how Van Gogh felt while overcoming his illness.

5. What is the purpose/objective? Is it to inform, entertain, or persuade?

The purpose is to show emotion, it is to entertain.

6. Discuss the mood.

The mood is dark and dim.

7. Discuss the theme.

The theme is the thought of death.

8. Discuss the reason for your selection.

I selected this because the piece is beautiful.

9. How does art imitate life?

It imitates life because the art that is made is based off emotion.
