BIRTH STORY

CHANEL

Alana or Alona?

Childhood

- Very quite as a child
- Creative and imaginative
- Artistic

Years Later... Years Later...

Early On

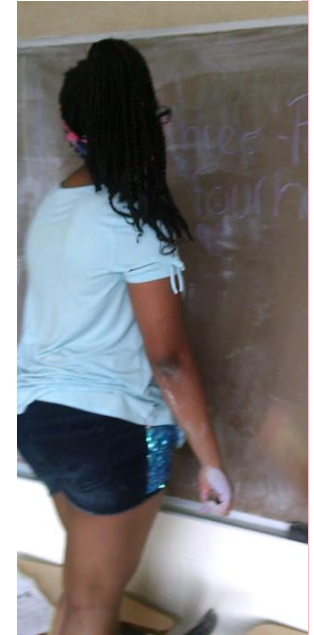

By Chanel Barnes

The fun filled jump start
to speak beautifully as a bird
The guidance from a teacher
who wants them to grow
like a flower growing in God's hand
The place where families receive services
for their loved ones
So they can go through life with success
The place where infants and toddlers
have fun by learning social skills
A place where children with special needs
Can be anything that they want to be
