

Reasons to Watch The 100

JAYRON TAYLOR

6TH HR

BACKGROUND

The 100 is a post-apocalyptic Sci-Fi Dystopian drama series. It was based from a book by Jason Rothenberg. It premiered on March 19, 2014 on CW. It follows a group of young teens who were imprisoned that was sent down to Earth to see if it was still survivable. They sent 100 teens that is why it is called the 100. This would be the first time a human in nearly a century a human has been on Earth. When they get to Earth, they realize they are not the only ones there.

Opinion Statement

I don't like starting new series because most of the have a lot of seasons or long episodes. I really don't like watching things on Netflix because most of the shows are trash. The 100 is different though because it keeps you guessing. I love watching it. I took a break because I like to pay attention to shows and not just listen. It is one of the best shows to come on CW.

Main characters

REASON 1

The 100 is so suspenseful. You never know what will happen next. You will be shocked by every action.

A cinematic still from a movie showing two women in profile, facing each other in a dark, atmospheric setting. The woman on the left has dark hair and is wearing a dark, textured garment. The woman on the right has long, straight blonde hair and is wearing a dark, possibly leather, outfit. In the background, several lit candles provide a warm, low-key light source, creating a moody and dramatic atmosphere. The overall color palette is dark with highlights from the candlelight.

REASON 2

It will show you how you can't trust everybody you help because someone always ends up backstabbing someone else when they thought they had their trust.

REASON 3

You will become emotionally connected with some of the characters. Some characters you just feel so bad for them, want to fight them, or want to agree with them.

My fight is over.

COUNTER ARGUMENT

A reason someone may not like it is because in the show they make dumb decisions that could make you want to punch the tv. Also, people who doesn't like sci-fi or make-believe shows. Lastly, after season 3 it is kind of like a new beginning. A lot of things starts to change after season 3, so that could discourage someone to stop watching it.

CONCLUSION

Overall if you are looking for a thriller and nail-biting show to watch. The 100 is a great show to start. Every ending of an episode will have you craving more and on the edge of your seat. If you don't believe me just watch the first episode. Somebody got shot with an arrow within the first 15 minutes of it.
